

ECR 2020

Joint Session of the ESR and UEMS

(European Union of Medical Specialists)

Programme proposal:

ESR/UEMS - Visibility of imaging professionals in the EU

Categories: Education, Management/Leadership, Professional Issues / ETC Level: II
Thursday, March 12, 2020/08:30-10:00

Chairpersons' introduction (5 min) **Lorenzo Bonomo**; Rome/**IT** (ESR),
Miraude Adriaensen; Heerlen/**NL**

(UEMS)

Session objectives:

1. To describe the role of the UEMS and ESR within the EU.
2. To understand the differences between the ESR and the UEMS.
3. To understand the importance of cooperation between ESR and UEMS.

Putting your interests first: two approaches, one goal

The ESR approach (5 min) **Lorenzo E. Derchi**; Genoa/**IT** (ESR)

1. To understand the structure of the ESR.
2. To understand the differences between the ESR and the UEMS.
3. To understand the importance of UEMS/ESR political involvement in the EU affairs.

The UEMS approach (5 min) **Bernard Maillet**; Brussels/**BE**

(UEMS)

1. To understand the structure of the UEMS.
2. To understand the differences between the ESR and the UEMS.
3. To understand the importance of UEMS/ESR political involvement in the EU affairs.

What does the EU mean for me? A radiologist's guide

To be or not to be at the table: why advocacy matters for radiologists? (8 min) **Katrine Riklund**; Uema/**SE** (ESR)

1. To understand the concept of advocacy.
2. To understand the importance of advocacy at the EU level.
3. To understand the influence of EU directives on national legislation and daily practice.

Creating a European radiology workforce: the value of qualifications across borders (16 min) **Carlo Catalano**; Rome/**IT** (ESR),
Vassilios Papalois; London/**UK**

(UEMS)

1. To understand the value of qualifications across borders and mobility of health care workers.
2. To understand the three levels of the European Legislation process.
3. To understand the influence of EU directives on national legislation and daily practice.

Setting European standards for radiology: making your qualifications count at home and abroad (8 min) **Laura Oleaga Zufiría**;

Barcelona/**ES** (ESR)

1. To get an overview of the existing European Training Curriculum in radiology.
2. To know about the value of the European Diploma in Radiology (EDiR).
3. To learn about the European Training Assessment Programme (ETAP) 2.0.

Setting European standards for interventional neuroradiology: the UEMS ETR in INR (8 min) **Marek Sasiadek; Wroclaw/PL (UEMS)**

1. To learn about a harmonised, comprehensive, structured, and balanced set of standards for interventional neuroradiology.
2. To understand the importance of a European training programme in interventional neuroradiology.
3. To defend the professional interests of interventional neuroradiologists in Europe.

Setting European standards for ultrasound: which way to go? (8 min) **Paolo Ricci; Rome/IT (UEMS/ESR)**

1. To understand the importance of a set of recommendations and guidelines for the training of non-radiologists in Ultrasound.
2. To learn about the importance of improving the medical services of Ultrasound, avoiding malpractice and protecting patient safety.
3. To learn about the involvement of ESR and UEMS in the field of Ultrasound.

Staying ahead of the curve with CME/CPD

The importance of CME/CPD across Europe: the role of EACCME (8 min) **Vassilios Papalois; London/UK (UEMS)³**

1. To understand the difference between Continuing Medical Education (CME) and Continuing Professional Development (CPD).
2. To learn about the European Accreditation Council for Continuing Medical Education (EACCME).
3. To learn about the Accreditation Council in Imaging (ACI).

Which kind of European CME/CPD do the radiologists want to gain? (8 min) **Milos A. Lucic; Sremska Kamenica/RS (ESR)**

1. To know about the existence of European CME credits (ECMEC).
2. To learn about the importance of credits in different European countries.
3. To predict future trends in CME/CPD within the field of radiology.

Panel discussion: The state of radiology in the EU (10 min)
